

CALL TO ORDER - PLEDGE OF ALLEGIANCE - ROLL CALL

Mayor Schroder called the meeting to order at 7:00 p.m. in the Council Chambers with all members present.

PRESENT: AnaMarie Avila Farias, Councilmember, Lara DeLaney, Councilmember, Mark Ross, Councilmember, Michael Menesini, Vice Mayor, and Rob Schroder, Mayor.
EXCUSED: None.
ABSENT: None.

PRESENTATION(S)

- A. Life Saving Award recognizing Police Officer Adam Winslet.
- B. Distinguished Service Award recognizing Police Dispatcher Susan Skinner.

Captain Eric Ghisletta stated that he had the opportunity to recognize two employees for outstanding performances during an incident that occurred on October 10, 2013. He provided details of the incident, which resulted in saving the life of an individual having a heart attack. He noted Dispatcher Susan Skinner had received a call from the individual's wife and issued an emergency callout and that Officer Adam Winslet had responded quickly with the needed defibrillator and performed CPR to revive Mr. Wharton. He presented the "Life Saving Award" to Officer Winslet and Dispatcher Skinner the "Distinguished Service Award."

The gentleman involved, Mr. Martin Wharton, was in attendance and personally expressed his appreciation to Officer Winslet and Dispatcher Skinner for assisting in the life saving measures. The City Council offered their congratulations as well.

*Councilmember Avila Farias arrived at 7:15 p.m. and was seated at the dais.

- C. Presentation on the San Francisco Bay Area Water Trail.

Galli Basson, Water Trail Planner for ABAG (Association of Bay Area Governments) gave an overview of the San Francisco Bay Area Water Trail, a planned regional network of landing and launching sites for non-motorized small boats and other watercraft. She provided a brief history of the network, related legislation, four member agencies who provide oversight, and membership of the Advisory Committee. She also discussed education and outreach, personal and navigational safety, wildlife and habitat, sites already designated, steps in becoming a designated site and available grant funding. Ms. Basson indicated that the Martinez Marina was identified as a potential designated water site. She also identified their affiliates and gave their contact information.

*Vice Mayor Menesini arrived at 7:20 p.m. and was seated at the dais.

Mayor Schroder commented on the website, which includes a map of the Water Trail, and he confirmed that Martinez is listed as a potential launch site. He asked about needed land-side development, and Ms. Basson discussed grant funding and how it might be used.

Councilmember DeLaney asked for more information on the funding process, including how long it takes, how much is available, and how it is distributed. Ms. Basson reviewed the continuous funding cycle, average amounts granted per project, quarterly meetings of the agency, and contact information for City staff.

Councilmember Ross commented on potential ways that Martinez could use the funding; he agreed that this could be a good opportunity for the City.

Vice Mayor Menesini asked about the funding source, and Ms. Basson confirmed it was primarily through the Coastal Conservancy, as a result of Proposition 84. He also asked about long-term funding, which Ms. Basson clarified was uncertain depending on renewal of Proposition 84. Vice Mayor Menesini discussed efforts of the City to renegotiate loans from the state, as well as the benefits that Martinez could provide to the Water Trail and vice versa.

Councilmember DeLaney requested that a resolution or a letter of support for the Bay Area Water Trail be placed on the next agenda, and Mayor Schroder agreed.

**PUBLIC COMMENT (COMPLETE SPEAKER CARD AND GIVE TO CLERK)
Reserved only for those requesting to speak on items not listed on the Agenda.**

Barbara Lucero requested assistance with an abandoned home on 1415 Alhambra, which has often been used by the homeless without the owner's knowledge. Ms. Lucero stated that she has contacted the homeowner and the police to no avail. She provided owner contact information and pictures. Vice Mayor Menesini asked Public Works Director Scola what he knows about the situation, as well as Captain Ghisletta; and neither had heard of it. The Council directed staff to address the situation and report back to the Council at the next meeting.

Douglas Van Raam provided a speaker card, but declined to speak, indicating that the card was intended to provide information to the Council.

Mike Alford spoke about an individual named Talbott Howard, who was willing to come to Martinez and provide technology to clean the water. Mr. Alford asked who he should provide the contact information. Mayor Schroder directed him to contact City Engineer Tim Tucker.

Seeing no further speakers, Mayor Schroder closed public comment.

CONSENT CALENDAR

- A. Motion waiving reading of text of all Resolutions and Ordinances.
 - 1. Motion approving the City Council Minutes of January 22, 2014. [M.Cabral]
 - 2. Motion rejecting Claim against the City by Monica Santistevan, #13-32. [M.Cabral]

3. Motion approving Check Reconciliation Register dated 02/07/2014. [C.Spinella/2.1.1]
4. Motion adopting Ordinance No. 1379 C.S. amending the Martinez Municipal Code Chapters 22.04 (Definitions), 22.12 (Permitted Uses and Conditional Uses - R- Residential Districts), 22.16 (Permitted Uses - SC-Service Commercial and Conditional Uses C- Commercial Districts), 22.18 (Li- Light Industrial District Permitted Uses), Section 22.34.010 (General Requirements and Exceptions - Purpose), Section 22.36.070 (Parking Miscellaneous Use Table), and adding Sections 22.34.230 (Homeless Shelters), 22.34.240 (Reasonable Accommodation) and Chapter 22.57 (Density Bonus) to provide regulations implementing State Housing Law Relating to Permitting of Emergency Shelters, Supportive and Transitional Housing, providing Reasonable Accommodation, and adopting Density Bonus Regulations and finding that the adoption of the Ordinance is exempt from the requirements of The California Environmental Quality Act (CEQA), pursuant to CEQA Guidelines Sections 15301, 15305, and 15061(B)(3). [C.Simon/9.02.05]
5. Resolution No. 008-14 allocating an additional \$125,000 of Water System funds to Account No. C7022 for the Raw Water Pipeline Replacement Project. [D.Salts/17.04.28]

Mayor Schroder indicated he had a question about Item #6 and requested that it be pulled from the Consent Calendar.

Mayor Schroder opened and closed public comment on Consent Calendar Items A and Items #1-#5, with no speakers coming forward.

On motion by Michael Menesini, Vice Mayor, seconded by Lara DeLaney, Councilmember, to approve Item A and Items #1 through #5 of the Consent Calendar. Motion unanimously passed 5 - 0. Yes: AnaMarie Avila Farias, Councilmember; Lara DeLaney, Councilmember; Mark Ross, Councilmember; Michael Menesini, Vice Mayor; Rob Schroder, Mayor.

6. Awarding Harbor View Reservoir Project: [T.Tucker/15.04.04]
 - A. Adopt Resolution No. 009-14 accepting bids for the Harbor View Reservoir Replacement, Project No. C7008 and awarding the construction contract to Team Ghilotti, Inc. in the amount of \$3,143,143.13 and allocating \$500,000 of Water System funds and \$2,280,000 of Water Bond funds to Account No. C7008; and
 - B. Adopt Resolution No. 010-14 authorizing the City Manager to execute an amendment to the consultant services agreement with Black and Veatch Corporation for an additional \$125,723 of construction phase services.

Mayor Schroder asked for clarification on the location of the reservoir that is proposed for replacement, which City Engineer Tim Tucker provided. He also discussed details of the project, including what will happen with the old, empty reservoir.

Councilmember Mark Ross asked about opportunities for public access on the site. Mr. Tucker commented on the need to restrict public access to the water system. He also discussed neighboring uses that would make access difficult anyway. There was some discussion of other properties that the City could purchase for public use.

Mayor Schroder opened public comment on the item.

Mike Alford confirmed that the reservoir is located directly above County housing developments, and he agreed with Mr. Tucker about the need to restrict access because of the potential for vandalism.

Seeing no further speakers, Mayor Schroder closed public comment on the item.

On motion by Michael Menesini, Vice Mayor, seconded by AnaMarie Avila Farias, Councilmember, to approve Resolution No. 009-14 accepting bids for the Harbor View Reservoir Replacement, Project No. C7008 and awarding the construction contract to Team Ghilotti, Inc. in the amount of \$3,143,143.13 and allocating \$500,000 of Water System funds and \$2,280,000 of Water Bond funds to Account No. C7008; and adopt Resolution No. 010-14 authorizing the City Manager to execute an amendment to the consultant services agreement with Black and Veatch Corporation for an additional \$125,723 of construction phase services. Motion unanimously passed 5 - 0. Yes: AnaMarie Avila Farias, Councilmember; Lara DeLaney, Councilmember; Mark Ross, Councilmember; Michael Menesini, Vice Mayor; Rob Schroder, Mayor.

PUBLIC HEARING(S)

7. Public hearing to consider Resolution No. 011-14 amending the Facility Reservation Fees at Nancy Boyd and Hidden Valley Parks in the Schedule of Fees for City Services. [P.Lorick/02.2.3]

Recreation Supervisor Patty Lorick presented a PowerPoint presentation on proposed use fees for picnic areas at Hidden Valley and Nancy Boyd Parks, including capacity of each area and amounts proposed for residents, non-residents, and corporate uses. She also confirmed there are other picnic areas within the City that are allowed for free use on a first-come basis.

Councilmember DeLaney asked whether all the free uses areas are unshaded, as it appeared in the slides, and Ms. Lorick discussed potential shade at the sites. Councilmember DeLaney also asked whether the fee would be reduced if a person didn't need the full site. Ms. Lorick said no adjustments could be made to the fees, but staff works with each user to find the most economical option for their needs.

Councilmember Ross asked about adhoc use of a site, if it is not already reserved by another group. Ms. Lorick acknowledged that if an area is not reserved in advance, free use is allowed on a first come basis.

Mayor Schroder asked about signage stating that an area is rented, and Ms. Lorick reviewed the permit policies and procedures.

Councilmember Ross asked about political uses, and Ms. Lorick said it would be the same as any other group.

Councilmember Avila Farias asked if any survey was made of what other cities charge for their park usage. Ms. Lorick explained that such surveys are difficult because of different policies and different amenities. In response to a further question from Councilmember Avila Farias, Ms.

Lorick also noted that a cleaning deposit is required; if additional costs are incurred for cleanup after the use, the user will be billed accordingly. Councilmember Avila Farias said she thought the proposed fees were low, considering what has been invested in the parks.

Vice Mayor Menesini expressed concern that rental fees not be too high for residents, but he suggested non-resident fees should be much higher. He agreed that comparisons with other jurisdictions would be helpful.

Councilmember Ross expressed support for the fees proposed by staff, noting that their experience gives them a good idea of what the market will bear.

There was further discussion among the Council and staff regarding the proposed fee amounts and fee differential. Mayor Schroder asked what the Parks Recreation Marina & Cultural Commission (PRMCC) thought about the rates, and staff indicated they ultimately approved what is before the Council tonight, although similar to this meeting, there were some who wanted the rates higher and others who disagreed.

Councilmember DeLaney pointed out that the proposed rate for corporate use at Nancy Boyd park is lower than the current rate. She also felt that corporate users would be better able to handle higher rates. She asked whether an online reservation system would be possible. Ms. Lorick said there is a system in place that hasn't had much use yet, but staff is working toward that.

Mayor Schroder opened and closed the public hearing with no speakers coming forward.

Mayor Schroder said that based on Council input, the corporate and non-resident fees may need more consideration, and suggested that the fee schedule be brought back for final decision. Interim City Manager Anna Gwynn Simpson suggested an alternative range of fees, which was to keep the resident fees as proposed by staff, and then increase the non-resident and corporate rates by \$1 each, rather than a fifty cent differential.

Councilmember Menesini proposed \$1.50 per person for residents, \$3 per person for non-residents and \$4 per person for corporate.

On motion by Michael Menesini, Vice Mayor, seconded by AnaMarie Avila Farias, Councilmember, to approve Resolution No. 011-14 amending the Facility Reservation Fees at Nancy Boyd and Hidden Valley Parks in the Schedule of Fees for City Services *as amended \$1.50 for residential, \$3 for non-residential and \$4 for corporate*. Motion passed 4 - 1. Yes: AnaMarie Avila Farias, Councilmember; Lara DeLaney, Councilmember; Michael Menesini, Vice Mayor; Rob Schroder, Mayor. No: Mark Ross, Councilmember.

CITY MANAGER

8. Resolution No. 012-14 approving a Budget Adjustment in the amount of \$2,000 for purchase of personal property located at 115 Tarantino Drive and 401 Ferry Street from Bank of the West from Unassigned Fund Balance. [M.Chandler/5.20.00& &9.12.07 &11.05.12]

Senior Management Analyst Michael Chandler presented the staff report, discussing the personal property remaining from the Willows Theatre Group in terms of equipment, props, etc., some of which might be usable at the City's Corporation Yard. He added that the current tenant at the Kinney building (Rooster Productions) has expressed interest in several items; and he explained that there is a specified process for selling to a private party, which the Council would have to approve.

Mayor Schroder asked what is in the old train depot building, which Mr. Chandler reviewed, indicating it was primarily furniture. He also confirmed that the process has been delayed because the City does not own the buildings where the items were left behind. Mayor Schroder expressed confidence that the City will be able to sell the items for more than the cost.

Councilmember Ross commended Mr. Chandler for the extensive work he has invested into this process.

Councilmember Avila Farias asked, and Mr. Chandler confirmed that this amount (\$2,000) was in addition to the \$20,000 already allocated for the purchase.

Councilmember DeLaney expressed her appreciation to Mr. Chandler as well, and she thought the City's costs would be money well spent.

Mayor Schroder opened and closed public comment on the item with no speakers coming forward.

On motion by Michael Menesini, Vice Mayor, seconded by Lara DeLaney, Councilmember, to approve Resolution No. 012-14 approving a Budget Adjustment in the amount of \$2,000 for purchase of personal property located at 115 Tarantino Drive and 401 Ferry Street from Bank of the West from Unassigned Fund Balance. Motion passed 4 - 1. Yes: Lara DeLaney, Councilmember; Mark Ross, Councilmember; Michael Menesini, Vice Mayor; Rob Schroder, Mayor. No: AnaMarie Avila Farias, Councilmember.

9. Motion approving Recycling Fund allocations in support of the requested Plastic Bag Ban outreach effort. [M.Chandler/30.14.00]

Senior Management Analyst Michael Chandler presented the staff report, discussing similar efforts made in other jurisdictions, sample reusable bags that could be provided in the beginning to raise awareness, potential design elements, involvement of students from the New Leaf Academy in the design process, and other promotional items that can be offered to encourage the public to participate.

Councilmember Ross said he was supportive of the concept and the bags, but expressed concern about the pricing of the bags. Mr. Chandler commented on the high quality materials and the fact that they are made in the United States. Councilmember DeLaney commended Mr. Chandler for using Recycling Fund monies for the bags and especially that they are made in the United States.

Councilmember Avila Farias indicated she was disappointed that the bags were so expensive. Vice Mayor Menesini questioned whether 2,000 bags were enough, and Mr. Chandler replied that would be the initial offering - he noted that Main Street, the Chamber of Commerce and Martinez businesses might be willing to participate with the City in offering more in the future. Vice Mayor Menesini encouraged consideration of other avenues for public outreach.

Councilmember Avila Farias discussed other, less expensive, bags that are available. Mr. Chandler said he could see both types being used, with different purposes and in different venues. Ms. Simpson added that the less expensive bags are usually made in China, and staff thought that buying US-made bags was better.

Mayor Schroder opened public comment on the item.

Douglas Van Raam commented on the use of hemp for making natural products like these bags at a reduced cost. He expressed concern about the effectiveness of banning plastic bags altogether, noting that there are valid uses for them.

Seeing no further speakers, Mayor Schroder closed public comment on the item.

On motion by Lara DeLaney, Councilmember, seconded by Mark Ross, Councilmember, to approve Recycling Fund allocations in support of the requested Plastic Bag Ban outreach effort. Motion passed 4 - 1. Yes: Lara DeLaney, Councilmember; Mark Ross, Councilmember; Michael Menesini, Vice Mayor; Rob Schroder, Mayor. No: AnaMarie Avila Farias, Councilmember. Vice Mayor Menesini indicated he would support the motion, but he agreed with Mr. Van Raam that there were other things that could be done to reduce the impacts of plastic on the environment. He asked staff to consider further how to distribute the bags and as much public outreach opportunities as possible.

10. City Manager Comment(s)/Update(s)/Report(s).

Ms. Simpson stated that the food trucks at the Marina would start service on March 15th, not March 1st as she had announced at the last meeting. She indicated that they will be there every Saturday after that from 11:00 a.m. to 3:00 p.m.

CHIEF OF POLICE

11. Chief of Police Comment(s)/Update(s)/Report(s).

APPOINTMENTS TO COMMISSIONS AND/OR AGENCIES

CITY COUNCIL

12. Strategic Plan Update (Council goals and priorities). [A.Simpson/41.07.01]

Ms. Simpson presented the staff report, reviewing background information and changes made as a result of the last Council hearing on the subject.

Councilmember Avila Farias observed that the Council is making progress toward achieving its goals and priorities.

Mayor Schroder asked about the goal of increasing hours of operation for the Rankin Pool Center, and Ms. Simpson indicated staff was analyzing the data and would bring a report back in the next month or so. Mayor Schroder also asked about rehabilitation and potential re-use of the old train depot, and Ms. Simpson confirmed there is an upcoming meeting with the Historic Society and the Council Subcommittee to consider possibilities.

Councilmember Ross asked about the planned replacement of downtown parking meters with ones that will accept credit cards. Ms. Simpson discussed potential funding, but deferred further questions to City Engineer Tim Tucker, who had since left the meeting.

Councilmember Ross commented on the goal of economic development and promotion of the City's resources and assets; he also suggested the City develop a wayfinding signage program. Ms. Simpson confirmed that a wayfinding program was included with the goals and priorities.

Mayor Schroder opened and closed public comment on the item with no speakers coming forward.

13. General Plan Update. [R.Schroder&M.Menesini]

Mayor Schroder provided an introduction, discussing the role of the Council Subcommittee (consisting of himself and Vice Mayor Menesini) and that of the General Plan Task Force.

Vice Mayor Menesini discussed the makeup of the Task Force and the commitment of its members to continue through the process, as well as the Council's determination that the public will be involved and the process transparent.

Contract Planning Manager Dina Tasini discussed the status of various elements of the General Plan, as well as the environmental impact report (EIR), and she expressed optimism that the update will be brought to the Planning Commission sometime in the next year.

Vice Mayor Menesini also commented on the anticipated costs for the update (\$825,000) with \$650,000 already expended. He confirmed that was not out of line for the scope of the project.

Councilmember Ross asked for a synopsis of potential changes from the current General Plan (30 years old), which Ms. Tasini discussed.

Councilmember DeLaney indicated her objections with the way the process has been handled thus far, the length of time it has taken, and the costs to the City.

In response to a further question from Councilmember Ross, Ms. Tasini noted that the individual area plans currently in place will be accommodated into the General Plan, so their applicability will end. She added that the Marina Plan will not be needed anymore either, but the Marina has been considered and discussed in the new General Plan. Councilmember Ross asked whether a separate Marina Plan should be done at the same time. Ms. Tasini and Vice Mayor Menesini said there was no need, and it would increase the overall costs.

The Waterfront and Marina planning processes were discussed at length between staff and the Council.

Mayor Schroder acknowledged that the process had gotten off-track somewhat, but he also compared other cities of similar size and their costs/time spent on their respective General Plans. He was appreciative that progress was finally being made, especially given the fact that the current General Plan is so outdated.

Vice Mayor Menesini commented on legal consequences from the State if the General Plan is not updated.

Mayor Schroder opened and closed public comment on the item with no speakers coming forward.

Councilmember Avila Farias asked how the City is handling zoning and planning issues while the General Plan Update is being done. Ms. Tasini indicated the current General Plan, however old and inadequate, will continue to be used until a new one is in place.

Councilmember Avila Farias expressed appreciation to Mayor Schroder and Vice Mayor Menesini for their leadership in this process, as well as to staff for their work. She was excited about the ultimate completion of the update.

14. Discuss and approve a form of Request for Proposal pertinent to the recruitment of candidates for the City Manager's position, and direct the City Attorney to deliver same to the relevant recruitment firms. [J.Walter/42.01.03]

Assistant City Attorney John Abaci presented the staff report, discussing background information on the Council's request for assistance in the recruitment process and eventual hiring of a new City Manager, and potential recruitment firms for the City to consider. He noted that the draft RFP (Request for Proposals) only has a blank for the date by which paperwork needs to be submitted.

Mayor Schroder asked how long Mr. Abaci thinks it will take for the full recruitment and hiring process. He expressed concern that the process not be too complex or drawn out. He was hopeful that it could be finished in 30 days.

Councilmember DeLaney asked that the RFP address the geographic scope of the recruitment, whether local, regional, statewide, or national. She also requested that the document include characteristics and qualities that the Council agrees by consensus are the most important to them.

Vice Mayor Menesini noted that the job description would likely be consistent with past recruitment efforts, and there was a description in the City's Municipal Code. Councilmember DeLaney suggested that there needed to be more specific detail than just the Municipal Code's description.

Mayor Schroder suggested while the City Attorney's office is processing the RFP, Council work on a job description.

There were no members of the public wishing to speak on this item.

On motion by Mark Ross, Councilmember, seconded by Lara DeLaney, Councilmember, to approve a form of Request for Proposal pertinent to the recruitment of candidates for the City Manager's position, and direct the City Attorney to deliver same to the relevant recruitment firm, as amended by Councilmember DeLaney (*to include the geographic scope under Item 4, Strategies for Recruitment, to specify 30 days for the selection of a recruitment firm, and to correct the subject line to make it grammatically correct*). Motion unanimously passed 5 - 0. Yes: AnaMarie Avila Farias, Councilmember; Lara DeLaney, Councilmember; Mark Ross, Councilmember; Michael Menesini, Vice Mayor; Rob Schroder, Mayor.

15. Council Subcommittee Reports.

Mayor Schroder provided an update on the status of the Marina legislation, which is being introduced by Senator Wolk and Assemblywoman Bonilla. He reviewed the calendar for legislative action and key provisions of the bill - to identify lands owned by the State Lands Commission to be converted over to the local jurisdiction as a public trust in perpetuity. Ms. Simpson added that there is a provision for revenue sharing with the City once its debts are repaid to the State.

Councilmember DeLaney noted that there was a reorganization bill which affected a Sonoma County Marina; it provided the jurisdiction the ability to renegotiate its loans with the State. She inquired if the City was contemplating to include in this bill a provision that would allow us by State law to renegotiate. Interim City Manager Simpson indicated that there was nothing indicating renegotiation in the land grant bill, but the City did make it very clear in a letter to the State that we accepted the terms except for the terms regarding the loan, and that we wanted to renegotiate the terms and loan amounts prior to finalizing the bill. Councilmember DeLaney suggested that we might need State law to actually renegotiate and that it would be a reasonable amendment to include in the bill as we move forward.

Vice Mayor Menesini said he thought it was premature to start that process yet, and it has been made clear that the City's general fund is not responsible for these investments that were made by the State, but he was optimistic that it will be renegotiated and it will require subsequent legislation.

Mayor Schroder asked Councilmember DeLaney to forward the related legislation to Ms. Simpson.

Councilmember Avila Farias announced that there will be a Train Depot Ad Hoc Committee meeting, and she will have an update at the next meeting. She indicated that the Train Depot was painted and thanked Public Works Director Scola for his efforts. She further indicated that Mr. Scola was working on getting the old train from across the tracks moved over to the Old Train Depot.

Councilmember Avila Farias also requested that a Public Safety Subcommittee meeting be scheduled sometime in March, and she expressed appreciation to Captain Ghisletta for the leadership and expertise he will be providing to the Public Safety Subcommittee.

Councilmember DeLaney asked about the status of the new provisions regarding cultivation of medical marijuana. Staff confirmed that it will back to the Council shortly, with input and recommendation from the Planning Commission.

Councilmembers DeLaney and Ross reported out on the Concert Ad Hoc Committee meeting held on February 18, 2014, and the concert being planned for May 10th at the Waterfront Amphitheatre. She discussed plans for a Blues Festival and discussed maintenance needed at the Amphitheatre prior to the May concert. Councilmember Ross provided information about ticket prices for the May concert.

16. City Council Comments.

Vice Mayor Menesini requested that the meeting adjourn in memory of Julian Frazier Jr., father of former Councilmember Julian Frazier.

Councilmember Avila Farias announced that the County had purchased homes off Pacheco that will be sold to first time homebuyers, providing a wonderful opportunity for Martinez residents. The County will also be working on the 5 year Consolidated Plan which projects how federal funds will be used throughout the County, and she was hopeful that Martinez will be an active player and able to express what the City needs for funding, infrastructure, etc.

Councilmember Lara DeLaney stated that a communication was received from the Central Labor Council requesting support of a resolution affirming the United States Post Office and she would like to have it agendized. Mayor Schroder indicated that he had already directed the Deputy City Clerk to add it. Councilmember DeLaney announced that 35,000 pounds of free groceries will be distributed at Calvary Temple's third Convoy of Hope outreach on Saturday, April 5, 2014 at 10:00 a.m. at Rio Vista Elementary School in Bay Point.

Mayor Schroder noted that he and Councilmember Avila Farias attended a welcome home celebration for USMC LCpl. Isaac Marker of Martinez, who was home from Afghanistan. He reported it was a wonderful event and a true hero's welcome; LCpl Marker will spend a few days at home with his family and then will return back to base at Camp Lejeune, North Carolina.

ADJOURNMENT

Adjourned at 9:38 p.m. *in memory of Julian Frazier Jr*, father of former Councilmember Julian Frazier, then to a Regular City Council Meeting on March 5, 2014 at 7:00 p.m. in the Council Chambers, 525 Henrietta Street, Martinez California.

Approved by the City Council,

Rob Schroder, Mayor

Mercy G. Cabral, Deputy City Clerk – 3/19/14
