Be a part of the 1,000 homes in Martinez to be serviced with FREE Energy and Water Upgrades from Rising Sun!

The City of Martinez is excited to bring Rising Sun Energy Center's California Youth Energy Services (CYES) Program to Martinez residents for the 5th year in a row. The CYES program provides residents with no-cost energy and water conservation services through a partnership with Pacific Gas and Electric Company (PG&E), Contra Costa Water District, and the City of Martinez. The City of Martinez receives additional program support from lead local sponsors, Andeavor (\$5,000) and Republic Services (\$5,000), and site office space and support from the Martinez Unified School District on the campus of the Adult School.

Since 2000, Rising Sun has provided "Green House Calls" to over 42,000 residents throughout the Bay Area and Central Valley, including **approximately 820** households in the City of Martinez since 2014. CYES provides paid job opportunities to local youth, 15 to 22 years of age. The youth "Energy Specialists" are trained and qualified to provide their community's residents with the no-cost Green House Call (GHC) service. CYES provides services to all community members regardless of income with a focus on serving hard-to-reach residents, including renters, low-to-moderate income households, seniors, and non-English speaking households.

At your GHC, Energy Specialists:

- Perform an energy- and water-efficiency assessment,
- Install energy-efficient LED lightbulbs,
- Install water-efficient devices for showers and faucets,
- Install advanced power strips on your at-home entertainment systems,
- Perform a toilet leak detection test,
- Offer tips on recycling and energy and water conservation to save money on utility bills,
- And provide an additional energy-saving gift!

—all at no cost to you.

Renters and owners of all income levels are eligible for our program.

GHCs happen **July 3** through **August 9**, and are available on a first-come, first-serve basis.
