

CALL TO ORDER - PLEDGE OF ALLEGIANCE - ROLL CALL

Mayor Schroder called the meeting to order at 7:00 p.m. in the Council Chambers.

PRESENT: Lara DeLaney, Councilmember, Janet Kennedy, Councilmember, Michael Menesini, Councilmember, Mark Ross, Vice Mayor, and Rob Schroder, Mayor.

EXCUSED: None.

ABSENT: None.

PRESENTATION(S)

A. Finding Host Families for Scottish Guests.

Sue Hammond provided information on the Student Exchange program, indicating that the students come from Dunbar, Scotland, Martinez' Sister City. Ms. Hammond stated that she is in need of host families for these students from June 21 to June 25. Jeff Songster provided a PowerPoint presentation describing his experience with the Exchange Students and those he had hosted. For further information contact Sue Hammond at garden48@prodigy.net.

Mayor Schroder thanked them for the presentation.

B. Ferry System Presentation--Status of the Ferry EIR and latest update in ridership from Cambridge Systematic by John Sindzinski.

Mr. Sindzinski, Planning Manager, Water Emergency Transportation Authority (WETA) provided a PowerPoint presentation describing the formation of WETA, which is the official coordinator of waterborne response during a major disaster. He reviewed accomplishments, showed construction pictures of the South San Francisco Ferry Terminal, described 7 expansion projects which are in various stages of development, gave a ridership model update, and reviewed the Martinez terminal project, which is in the design phase, and Hovercraft feasibility study. The next step for that project is to work with the cities of Martinez, Antioch, and Redwood City regarding future terminal facilities and service, and an Environmental Review Impact document. Mr. Sindzinski requested input from the Council in moving forward.

Mayor Schroder asked if the drop in ridership was due to unemployment and the trend in jobs moving closer to housing, and Mr. Sindzinski confirmed that was likely. Mayor Schroder asked if other systems were seeing a corresponding drop in ridership, and Mr. Sindzinski said that Vallejo's ridership had dropped by 25%.

Vice Mayor Ross asked if Mr. Sindzinski had checked for Measure J funds, and Mr. Sindzinski said that none were available. Vice Mayor Ross stated that he hoped to see the project succeed so that Martinez could be connected. He also noted that people won't walk more than a quarter of a mile for public transportation or for restaurants or other businesses.

Councilmember DeLaney asked if Martinez' ridership numbers would be affected if the Hercules terminal plans didn't go through. Mr. Sindzinski said the effect was unlikely to be significant because of the different catchment areas. Councilmember DeLaney asked if the EIR development would continue, and Mr. Sindzinski stated that it was an open question. Councilmember DeLaney stated that she would like to see the project go forward as far as possible for now, providing that the environmental impacts were not likely to change in the near future, so that the project could continue when the funds were available. Councilmember Menesini concurred.

Vice Mayor Ross asked if any thought had been given to the old ferry slip, and Councilmember Menesini stated that it was too far gone and not accessible. Mr. Sindzinski added that the dredging situation was an issue.

Mayor Schroder asked if WETA's emergency responsibilities had expanded the possibilities for funding. Mr. Zindzinski stated that the 1B funding had opened up, but there was no access to federal funds or funding for operating and maintenance costs. Mayor Schroder expressed hope that there would be a funding mechanism for Martinez, since it is the County seat and the main site for emergency services. Councilmember Menesini concurred that these were the reasons the ferry landing had originally been cited in Martinez.

The Council expressed their appreciation to Mr. Sindzinski for his update.

PUBLIC COMMENT

(COMPLETE SPEAKER CARD AND GIVE TO CLERK) Reserved only for those requesting to speak on items not listed on the Agenda.

Tony LoForte and Fernando Gerosolimo introduced themselves and proposed a restaurant at the Marina and wanted to know if the City was interested in a partnership. The Council confirmed interest and directed the City Manager to find out more details about how this could be done.

Doug Stewart provided a homeless update for the month of March. Seven adults and one youth had been placed in a shelter, and 21 people had been given rides, three of whom had been stuck at Amtrak. One mental health referral was made and two others were sent to detox.

Richard Verrilli spoke against the Berrellesa Palms project, and urged the Council to place the issue on the agenda. He noted that Tim Platt had also submitted comments against the project.

Carolyn Bookhart, RCD, provided additional information about the Berrellesa Palms project.

Liz Exstein expressed support for Berrellesa Palms project.

Peggy Gin also expressed support for Berrellesa Palms, and stated that it will be an asset to the community.

Mike Alford stated that there was no advantage in building the Berrellesa Palms project and strongly urged against the development.

Ann Mobely requested that Berrellesa Palms be placed on the agenda so that citizens can be heard and have their say.

Joyce Spritzer stated that she lives in the RCD development in Walnut Creek, and that without their facility she would not be able to afford rent in Contra Costa County because of her disability. She stated that while the people in the facility may have health problems, they were a good community who helped each other. She expressed support for more senior housing in Martinez.

Noralee Gipner requested clarification on the Berrellesa project so that she can decide whether she is for or against it.

Marshall Cochrane expressed concern about the changes in the Berrellesa Palms project, and suggested that the Council should address them even though they are not design changes.

Charlene West, Char's Flowers, stated that the project seemed to be a great idea, but that there were a lot of things that need to be ironed out.

Bambi Barker stated that RCD has a wonderful reputation, but that the description of the residents as "frail" was concerning. She asked who would be taking care of the frail individuals.

Gay Gerlack stated that she is speaking as a citizen and not as a PRMCC Commissioner. She expressed concern about safety issues, and urged the Council to support Councilmember DeLaney's concerns and bring it back for full discussion since the project has changed.

Mayor Schroder clarified the process for placing items on the agenda.

CONSENT CALENDAR

MOTION WAIVING READING OF TEXT OF ALL RESOLUTIONS AND ORDINANCES.

1. Motion accepting Cash and Investment Report ending March 31, 2012. [C.Spinella/2.1.1]
2. Motion authorizing a budget adjustment to change the staffing in the Public Works Department to add two (2) Full-Time General Laborer positions. [A.Shear/2.10.00]
3. Resolution No. 036-12 authorizing the City Manager to execute Cooperative Agreement No. 4-2389 between the City of Martinez and the State of California acting through its Department of Transportation (CALTRANS) for use of Toll Bridge funds in the amount of \$300,000 for the Marina Vista Pedestrian/Bicycle Improvement Mitigation Project. [T.Tucker/03.03.00&12.02.00]
4. Resolution No. 037-12 authorizing the Chief of Police to accept eighteen (18) portable radios purchased with Department of Homeland Security Federal Emergency Management Agency and Office of Critical Infrastructure Protection grant funding to help protect the buffer zone around the Martinez Shell Refinery. [G.Peterson/04.08.00]
5. Sports Court Resurfacing Project: [T.Tucker/10.05.03&11.14.00]

- A. Resolution No. 038-12 accepting bids for the Sports Court Resurfacing Project and awarding the construction contract to Vintage Contractors Inc.; AND
- B. Resolution No. 039-12 allocating an additional \$240,500 of Measure H Funds to Account No. C5019 for construction of the Sports Court Resurfacing Project.
- 6. Resolution No. 040-12 establishing the rate per Equivalent Runoff Unit for the Fiscal Year 2012-2013 and request the Contra Costa County Flood Control and Water Conservation District to adopt an annual parcel assessment for the NPDES Program.
[T.Tucker/10.06.06]

Councilmember DeLaney requested that Items #2 and #3 be removed for discussion.

On motion by Janet Kennedy, Councilmember, seconded by Michael Menesini, Councilmember, approve Items #1, #4, #5, and #6 of the Consent Calendar. Motion unanimously passed 5 - 0.

Regarding Item #2, Councilmember DeLaney stated she was pleased with the addition of the positions, but suggested that in the future staff should find space in the budget for a full-time Code Enforcement Officer. She expressed her opinion that the elimination of this position in the last budget had been a mistake.

City Manager Phillip Vince clarified that the Code Enforcement position had been reduced to part-time and not eliminated, but stated that staff could look into the possibility of returning it to a full-time position.

Mayor Schroder opened the Item for public comment.

Mike Alford asked why the Code Enforcement position had been reduced to part-time. Mayor Schroder explained that it was to save money; and it was hoped that the Building Inspectors could pick up some of the slack. Mr. Alford asked if the employees at the Marina were paid from the General Fund, and Mayor Schroder stated they were not.

Seeing no further speakers, Mayor Schroder closed public comment on the Item.

On motion by Lara DeLaney, Councilmember, seconded by Michael Menesini, Councilmember, approve Item #2 of the Consent Calendar Motion unanimously passed 5 - 0.

Regarding Item #3, Councilmember DeLaney asked how Caltrans was cooperating with the City on the electronic billboard project. City Manager Phillip Vince stated that negotiations with Caltrans were looking very favorable and that staff would find out more in about a month. Vice Mayor Ross noted that refusing to cooperate with the Bicycle Improvement project would hurt the City.

On motion by Mark Ross, Vice Mayor, seconded by Michael Menesini, Councilmember, approve Item #3 of the Consent Calendar. Motion unanimously passed 5 - 0.

PUBLIC HEARING(S)

7. Consider motion to continue the public hearing pursuant to Chapter 12.40 of the Martinez Municipal Code on Final Disposition of Property Located at 610 and 630 Court Street and approval and authorization to execute Purchase and Sale Agreement with Southport Land Corporation, Declaration of Use Restrictions, Declaration of Airspace Plan and CC&Rs, Declaration of Architectural Covenants and Conditions to a date certain.
[6.15.00&6.15.01]

On motion by Michael Menesini, Councilmember, seconded by Lara DeLaney, Councilmember, continue the public hearing to the Council meeting of May 2, 2012. Motion unanimously passed 5 - 0.

8. Public hearing on an appeal of the Planning Commission determination that the applicable zoning classification for Lice Removal Salon business is similar to Beauty and Barber shops and permitted within Commercial Zoning Districts (NC, CC, SC).
[D.Tasini/09.04.02.16]

Contract Planner Dina Tasini presented the staff report. She explained the history of the issue, the Planning Commission's determination, the appeal, and staff's recommendation.

Mayor Schroder confirmed with Ms. Tasini that the Planning Commission's decision had not been concerned with the specific business and location, but with the broader question of how Lice Removal Salons fit in the zoning ordinance. Mayor Schroder noted that he had never heard of a business of this kind, so he was interested in how other cities had handled the question. Ms. Tasini stated that most cities considered it a Personal Service, which includes things like hair and tanning salons, and placed it within the Commercial Zoning Districts. She stated that in her visits to other cities, planners and other neighboring businesses had not experienced any problems with the salons.

Councilmember DeLaney asked for a clarification of the specific zoning categories under consideration, and where they were in the City. Ms. Tasini stated that NC is Neighborhood Commercial, SC is Service Commercial, and CC is Central Commercial. Main Street is zoned CC. Councilmember DeLaney asked if they could specify which of the specific districts it would be allowed in, and Ms. Tasini confirmed that was an option.

In response to Councilmember DeLaney question about the chemicals used, Ms. Tasini suggested that the salon's owner answer that during their presentation. She noted that the State Department did not see a need to regulate the business because the chemicals are non-toxic and it is not a contagious disease.

Councilmember DeLaney asked what had happened with the motion during the Planning Commission meeting to create a new category for Personal Services. Ms. Tasini stated that the Commissioners were concerned about the time it would take to create a new ordinance and whether there would be a continuing need for the new category. They had acknowledged that the City's zoning ordinance is becoming outdated, but took the more expedient route for this business owner. Vice Mayor Ross stated that it would set a bad precedent to have the Council vote on a new ordinance every time a usage came up that had not been predicted.

Ernie Guerrero of La Tapatia Restaurant, Appellant, discussed the Planning Commission's finding that the City's process for approving new businesses in the City needed updating. He expressed concern that the Planning Commission seemed to be taking the quickest and most convenient course of action without regard to how it would affect those who were invested in the City and the downtown. As a promoter of businesses and events in the City, he did not think the downtown was the appropriate place for this type of business. He expressed concern about the lack of regulation and responsibility being taken for public health protection. He suggested that the salon be placed in a more discrete location, and that the time be taken to put it in the proper zoning category. He also expressed concern that the proposed business owners had invested money on the lease without knowing whether the business would be permitted there.

Ann Mobley of White Rabbit, Appellant, stated that lice removal salons are different from beauty parlors because they are not regulated with the health department. She suggested that this sort of business does not belong on Main Street, because it would cause other businesses to lose customers and it represents a public health threat. She stated that she and her customers were appalled that it might be allowed on Main Street near eating establishments. She also commented on how easy it was for lice to be transmitted, and stated that if this business was allowed and any of her customers got lice from this business, she would bring legal action against the City, the business owner, and the landlord. She recommended that a new ordinance be created with a new zoning category for this type of business.

Mayor Schroder opened public comment on the Item.

Noralee Gipner expressed concern about the lack of regulation and licensure, when other people who performed personal services had to be licensed, and stated that she did not want this kind of business near her hair salon.

Pat English expressed agreement with other Appellants, and noted that the site in Lafayette was in a discrete location. She also expressed concern about businesses losing customers due to disgust, and that this would not help with the revitalization efforts.

David Fisher stated that he was not concerned about transmission of lice from the salon's customers, but that the presence of the salon would give people a negative perception of downtown. He suggested as a compromise that salons like this receive conditional use permits which would restrict signage and require them not to advertise the purpose on the front of the building.

Charlene West expressed concern that the negative connotation would hurt the other businesses on Main Street. She suggested that this type of business would be better in a discreet upstairs office or in a commercial area near doctors' offices, and that the City needed to define the zoning categories better.

Mike Alford suggested that the proposed business owners, as potential investors in the City, deserved cooperation from the City and community to help them find the best location. He suggested that the salon be located in the empty doctor's office on Castro Street.

Sonya Snavelly suggested that the most important consideration was the effect on the most vibrant block of downtown, and that businesses who were already there would be hurt by this addition. She also suggested that businesses in downtown should be better planned.

Liza Bering stated that the Council had a responsibility to do what was best for everyone in the City. She expressed concern that the Planning Commission did not do enough research or work.

Marshall Cochrane stated that getting lice is a significant problem which, is very difficult to deal with, and that he would be reluctant to bring his grandchildren to downtown if the salon opened.

Rich Verrilli suggested that a new ordinance was needed for this type of business, and that there were a lot of places in Martinez where this could be located without causing problems for the businesses in downtown.

Seeing no further speakers, Mayor Schroder closed public comment on the Item.

Mayor Schroder noted that parasites like roaches are a fact of life even in restaurants. He acknowledged that the Council was concerned about the perception of Martinez, and stated that this would be a difficult decision to make because there was not an ordinance in place to deal with it. He also stated that it was important to be fair to people who wanted to start businesses in the City. He suggested that there were two issues: what to do about this type of business going forward, and what to do in this situation. He asked the City Attorney if this was an "ex post facto" case. City Attorney Jeff Walter stated that zoning codes differ between jurisdictions, explained how zoning codes and conditional uses function, and he clarified the Planning Commission's determination that this is a "similar" use to others listed as permitted uses in this district. Mayor Schroder asked what the current options would be for this proposal, if the Council determined that a new zoning ordinance was necessary. City Attorney Walter stated that the business would not be permitted, unless the Council agreed that the proposed use was similar to other existing uses.

Councilmember Menesini asked if it could be added as a conditional use in the district; Mr. Walter stated that it could be added to the ordinance, and the proposed business owner could then apply for a permit. Councilmember Menesini asked if conditions of approval could be imposed without amending the ordinance. City Attorney Walter stated that there was no proposal before the Council tonight, so the Council could only make a decision on whether this use should be allowed in this district. Councilmember Menesini stated that he agreed with the comments about signage and discretion; he wanted those conditions imposed if possible, because of the potential damage to other businesses.

Mayor Schroder asked if the proposed business owners could explain the lice removal process, They applicants explained the process and what other products would be sold in the store.

Councilmember Delaney asked whether the conditioner is specially designed to kill the lice. The applicants said there are no products that kill lice anymore, but she explained that once the lice are removed from the head they die for lack of support.

Councilmember Kennedy asked about the applicants' previous experience in the industry, which was briefly summarized.

Councilmember DeLaney asked how they had found and chosen the lease space. The applicants stated that they had looked all over Contra Costa County and had been attracted to Main Street's appearance and the lack of competition.

Vice Mayor Ross asked if they would be agreeable to having more discrete signage. The applicants stated that they had talked with Mr. Fisher and agreed not to have the word "lice" on the sign, but that the agreement he had proposed included brochures, advertising, and materials given to customers, which they were not okay with. The applicants confirmed that they would agree to be discrete in the signage, and added that the window blinds would always be closed so that the customers would have privacy. Vice Mayor Ross asked if the lease had already been signed, and they confirmed it had.

The applicants also stated that they had contacted the zoning department before signing the lease, and had been told the business was included in the zoning uses for that location.

Councilmember Menesini stated that he did not approve of having a larva in the logo. He stated that he would be willing to allow the salon as long as they agreed that the City would have to approve the signage. He suggested, since they could not vote on that today, the Item be continued until there was an agreement in place.

Councilmember DeLaney acknowledged that there was a need for this service and that she wanted the business in the City, but stated that she did not believe it was appropriate on Main Street because it would stigmatize the area that they had been trying to revitalize. She expressed disappointment in staff and the Planning Commission for not taking the time to consider whether this was appropriate.

Councilmember Kennedy expressed concern with designating this in the same category as beauty shops, and about the lack of regulation. However, she stated that she did not think the zoning would preclude this use. She favored restricting the signage, but was not sure that would solve the issue. She acknowledged the issue of communicability, but noted that lice are frequently transferred where there are no lice removal salons. She stated that while she agreed that it did not seem to fit with the character of Main Street, there was not anything in the zoning that would allow the Council to deny it.

Councilmember DeLaney disagreed that the business fit into the zoning category, and Councilmember Kennedy pointed out that other businesses had been allowed that were not specifically included in the uses. She expressed discomfort with making a decision based on the current ordinance and stated that she was not sure which way to go.

Vice Mayor Ross agreed with the ambiguity of the situation and the zoning, and noted that Main Street had been flourishing when there were not many rules. He commented that there had also been negative predictions when Luigi's Dollar Store had come into town. He added that business owners who want to invest in Martinez should be welcomed. Vice Mayor Ross stated that discretion in the signage would be helpful and expressed hope that the new business owners would be able to work out problems with the other Main Street businesses.

Mayor Schroder acknowledged that it was a difficult situation. He agreed that the business did not seem to fit with the culture of downtown, but expressed sympathy for the proposed business owners who had already started investing in the process. He suggested that eventually this could be a conditional use.

Councilmember Menesini suggested that the Council should be concerned about the business owners who had already invested in Martinez and the image of the area. He stated that regulating the signage was important for protecting the rest of downtown.

On motion by Michael Menesini, Councilmember, seconded by Janet Kennedy, Councilmember, continue the Item to the Council meeting of May 2 so that an agreement with respect to signage can be reached with the proposed business owners. Motion passed 4 - 1. No: Lara DeLaney, Councilmember; Rest: Ayes.

CONVENE TO THE BOARD OF DIRECTORS - PLEASANT HILL MARTINEZ JOINT FACILITIES AGENCY - ITEM #9 ONLY

9. Adopt a Resolution of intention approving an amendment to the contract between the California Public Employees Retirement System (CalPERS) and the Pleasant Hill-Martinez Joint Facilities Agency to provide the retirement formula of 2% @60 Full formula, PERS Section 21353, and Three-Year Final Compensation, PERS Section 20037, applicable to local miscellaneous members entering membership for the first time in the miscellaneous classification after the effective date of this contract amendment. [A.Shear/4.5.13]

Assistant City Manager Alan Shear presented the staff report, discussing recent labor negotiations, impacts on new employees only and resultant savings to the City.

Mayor Schroder opened and closed the public hearing with no speakers coming forward.

On motion by Michael Menesini, Councilmember, seconded by Lara DeLaney, Councilmember, to approve Resolution No. 042-12 of intention approving an amendment to the contract between the California Public Employees' Retirement System (CalPERS) and the Pleasant Hill-Martinez Joint Facilities Agency to provide the retirement formula of 2% @60 Full formula, PERS Section 21353, and Three-Year Final Compensation, PERS Section 20037, applicable to local miscellaneous members entering membership for the first time in the miscellaneous classification after the effective date of this contract amendment. Motion unanimously passed 5 - 0.

RECONVENE AS REGULAR CITY COUNCIL

CITY MANAGER

10. Introduce an Ordinance and adopt a Resolution of intention approving an amendment to the contract between the California Public Employees' Retirement System (CalPERS) and the City of Martinez to 1) provide the retirement formula of 2% @60 Modified formula, PERS Section 21353, and Three-Year Final Compensation, PERS Section 20037, applicable to local miscellaneous members entering membership for the first time in the miscellaneous classification after the effective date of this contract amendment; and 2) to provide 3% @55 Full formula, PERS Section 21363.1, and Three-Year Final Compensation, PERS Section 20037, applicable to local police members entering membership for the first time in the police classification after the effective date of this contract amendment. [A.Shear/4.5.13]

Alan Shear, Assistant City Manager, presented the staff report, and as discussed previously, this was a result of recent labor negotiations to adopt a second tier retirement formula for new sworn employees and non-sworn employees.

There was no public comment on the item.

On motion by Michael Menesini, Councilmember, seconded by Janet Kennedy, Councilmember, to approve introduction of an Ordinance and adoption of Resolution No. 043-12 of intention approving an amendment to the contract between the California Public Employees' Retirement System (CalPERS) and the City of Martinez to 1) provide the retirement formula of 2% @60 Modified formula, PERS Section 21353, and Three-Year Final Compensation, PERS Section 20037, applicable to local miscellaneous members entering membership for the first time in the miscellaneous classification after the effective date of this contract amendment; and 2) to provide 3% @55 Full formula, PERS Section 21363.1, and Three-Year Final Compensation, PERS Section 20037, applicable to local police members entering membership for the first time in the police classification after the effective date of this contract amendment. Motion unanimously passed 5 - 0.

11. City Manager Comment(s)/Update(s)/Report(s).

No comments made.

CHIEF OF POLICE

12. Chief of Police Comment(s)/Update(s)/Report(s).

APPOINTMENTS TO COMMISSIONS AND/OR AGENCIES

13. Reappointment of Vice Mayor Mark Ross and Mayor Rob Schroder to the Central Contra Costa Transit Authority for a two-year term. [M.Cabral/6.7.1]

Councilmember DeLaney said she thought other members should be given the opportunity to serve in this capacity.

On motion by Rob Schroder, Mayor, no second required to approve reappointment of Vice Mayor Mark Ross and Mayor Rob Schroder to the Central Contra Costa Transit Authority for a two-year term. Motion passed 4 - 1. No: Lara DeLaney, Councilmember; Rest: Ayes.

CITY COUNCIL

14. Council Subcommittee Reports.

Vice Mayor Ross requested that a report by a third party negotiator for Alhambra Highlands be placed on the next agenda. After a brief discussion, the Council agreed by consensus to place the item on the next agenda.

Councilmember Kennedy announced a meeting on Monday, April 24th, to discuss the flexible dining options for Main Street.

15. City Council Comments.

Councilmember Lara DeLaney announced the Grand Opening of the Thursday Farmers Market. She requested that a discussion about the RCD's Berrellesa Palms Project be placed on the agenda for open discussion before the public. Vice Mayor Ross said he could support that.

Councilmember Kennedy disagreed noting that the Council had listened extensively to the public during the earlier stages after which a project was approved, subsequently challenged and upheld in court. She added that the final project is less intensive than originally planned, but the intent and purpose of the project remains the same. Vice Mayor Ross said he agreed, but he still thought that public input would be helpful.

Councilmember DeLaney said that the tenancy and economic impacts were a consideration in the earlier approval, and if they have changed there needs to be more discussion. Councilmember Kennedy strongly felt that there was no need for further public input.

Councilmember Menesini said that the project was approved in 2009, and there is no legal mechanism or reason to re-consider. He did not see any purpose to re-agendize it at this point. He discussed the difference between assisted senior living and independent living, but he said that RCD has repeatedly indicated it will be independent senior living.

Mayor Schroder noted that the Council had instructed staff to determine if there were any violations by RCD to the approved conditions of approval and if so, how/if the City can enforce the conditions. He reminded the Council that two weeks ago, the Council decided not to go into Closed Session to discuss it further and the report was released. In his mind, the issue was over.

Vice Mayor Ross congratulated staff for their assistance with the 43rd Annual Brickyard Run. Councilmember Kennedy congratulated Vice Mayor Ross for coming in first in his group.

Mayor Rob Schroder announced the Bay Area Craft Beer Festival this weekend at Waterfront Park. Mayor Schroder adjourned in memory of Deputy Robert Paris and Glendon Engert from Stanislaus County, who were killed while trying to serve an eviction notice.

ADJOURNMENT

Adjourned at 10:37 p.m. to a Regular Meeting on May 2, 2012 at 7:00 p.m. in the Council Chambers, 525 Henrietta Street, Martinez, California.

Approved by the City Council,

Rob Schroder, Mayor

Mercy G. Cabral, Deputy City Clerk – 5/16/12
